

C3 – Thematic path No. 2: "Managing Time"

Your mission:

"You are getting back in touch with one of your beneficiaries, Mr. Michel Louis (born 06/19/1943), who has just been discharged from hospital after several weeks in hospital due to a car accident.

You would like to check in with him to organise the coming week. Indeed, in addition to your usual services with this beneficiary, you will also have to manage his various appointments as part of the follow-up of his rehabilitation.

You are going to help Mr. Louis to organize his week."
