

Identify how the participant learns: bring out and explain the strategies usually mobilised (level 1)

Example of an activity

Activity 1 - Memorising a trip

Instruction 1:

You must go to the home of Mr. and Mrs. Smith at the following address: rue de la Victoire, 26. Unfortunately, you got lost. You then ask someone for directions and they will explain it to you twice.

You must memorise the route. You can use all the equipment you want, including taking notes.

The return will be made in writing without any support or assistance.

Route to be memorised:

Take bus 4 towards the station and get off at the "petit pois" stop.

Take road Marguerite, which is directly on your left, walk to the school and turn right. You are on Source Street. Take the second on the left, you are then on the Place de l'Indépendance. Look for the post office, it indicates the beginning of rue de la Victoire.
